4

1. Press engine start button, Insert the cigarette lighter plug of the compressor into the cigarette lighter socket of car.
2. Set the pressure you need on a display of air compressor. Use “+” and “-” buttons to set desired pressure. After figures stop flicking, connect the gas tube to the valve of tire and press the switch ON.
3. When desired pressure will be reached, air compressor will stop automatically.
4. Press OFF on the switch button.

## WARRANTY SERVICE TERMS

5

The international manufacturer warranty is 1 year. The warranty period starts from the date of purchase. In cases when warranty period is longer than 1 year according to local legislation please contact your local dealer. The Seller which sells the product is responsible for granting the warranty. Please contact the Seller for warranty. Within the warranty period, if the product fails because of defects in the production process, it will be exchanged on the same product or repaired.

All faults caused by the manufacturer during the warranty period will be eliminated free of charge. Warranty repair is carried out only if you have a fully completed warranty card, the Buyer's signature of acceptance of the warranty terms, as well as a document supporting the purchase (cash receipt, sales slip or invoice). In the absence thereof, as well as in the event of errors or corrections not authenticated by the seller's seal or illegible inscriptions in the warranty card or tear-off coupon, no warranty repair is carried out, no objections to quality are accepted and the warranty card is withdrawn by the service center as invalid. The device is accepted for repair clean and full.
